

CORPORATE GOVERNANCE REPORT

CORPORATE GOVERNANCE REPORT

Arig is committed to follow international Best Practices of Corporate Governance. We firmly believe that there is a link between strong ethical standards, good governance and the creation of shareholder value. In our communication with stakeholders and the general business community, we aim to be fully transparent through high standards of disclosure.

Bahrain Corporate Governance Code

The company follows the Bahrain Corporate Governance Code ("Code"). This Corporate Governance Report is also included as a separate item as part of agenda for the Annual General Meeting.

Framework

The company, through its Board of Directors, maintains a governance framework in all areas of its operations, which includes formalized policies, procedures, guidelines and relevant management reporting requirements. Arig's governance practices are reviewed on a regular basis and amended from time to time.

The Board of Directors

The members of the Board are elected and can be terminated by the shareholders of the company in accordance with the provisions under the Articles of Association. The Board holds the ultimate responsibility for the overall direction, supervision and control of the company. It regularly assesses the company's financial and commercial performance and approves its business plan. The Board continuously oversees the corporate governance processes in order to ensure good standards within the company. The Board further reviews and assesses the adequacy of the management of all risks the company may be exposed to.

The current Board was elected by the shareholders at the Annual General Meeting in March 2014 for a term of three years. Formalized Board procedures enhance the professional development of the Board members and include induction training to new directors, continuous learning and self-evaluation. The names of the current directors and biographical details are set out in page 30.

Members of the Board are all non-executive and five out of nine members are independent non-executive directors. The Board formally reviews and evaluates its own performance together with the performance of the individual directors, as required by the Code.

Board Committees

While principal matters are handled by the Board, separate Committees are mandated to assist the Board in carrying out its duties in an efficient manner. The Executive Committee aids in the co-ordination, guidance and monitoring of the company's management and performance. The Audit Committee oversees financial reporting, internal controls and compliance with consideration of all applicable laws and regulations. The Nomination & Remuneration Committee is tasked to review the nomination and compensation of the Board of Directors and the members of the company's General Management. All Board Committees meet periodically to achieve their objectives and to assess their own efficiency.

Board meetings

According to the Articles of Association and local regulations, the Board is required to meet at least four times in a year. In addition to the seven meetings held in person during 2014, the Board approved first and second quarter results through circulation of a resolution.

The following table lists the number of meetings held during 2014, including Board Committees, and the individual attendance:

Management

Responsibilities of the Chairman and the Chief Executive Officer are separated. The Chairman of the Board is responsible for the leadership of the Board, ensuring its effectiveness in all aspects of its role and setting its agenda, taking into account the issues relevant to the company and the concerns of all Board members.

The Chief Executive Officer (CEO) executes leadership in the day-to-day management of the company. The General Management team headed by CEO is responsible for the implementation of the Board strategies and the monitoring of its day-to-day operations. The team includes the General Manager - Reinsurance, General Manager - Finance & Administration, and Assistant General Manager - Reinsurance, as its members. The names of members of the General Management Team are set out in page 32 together with their biographical details.

Directors' and General Management compensation

The Directors' remuneration is determined in accordance with the Bahrain Commercial Companies Law and the provision under the company's Articles of Association, and is approved by the shareholders. Directors' compensation includes remuneration, allowances & reimbursement of expenses. The compensation of

the General Management is determined by the Board of Directors based on the recommendations of the Nomination and Remuneration Committee, and includes salaries, allowances, reimbursement of expenses, post-employment benefits and performance related incentives. (for further information please see page 77). Details as required under the Code are held at company's premises for the availability of the shareholders.

Organizational structure

The company has put in place a detailed organizational structure (shown on page 29) to achieve the company's objectives, its strategic development and internal controls.

Management Committees

In order to assist the CEO in guiding and monitoring the functional departments within the company, a number of internal management Committees are operative. These include the areas of Reinsurance Management, Information Technology and Retrocession. Members are drawn from within the company and in accordance with their relevant areas of expertise.

CORPORATE GOVERNANCE REPORT

Succession planning

The company recognizes the value of its human resource and the significance of ensuring qualified and orderly successions. It operates a succession planning framework covering key positions within the company, and talent development programs based on periodical training needs analyses. Arig also periodically conducts a graduate development program to grow professional talent that is native to the Kingdom of Bahrain.

Key persons dealing in Arig securities

Arig has an established policy with regard to key persons dealing in Arig securities, which complies with the Bahrain Bourse guidelines issued by the Central Bank of Bahrain. During the year, the company has complied with relevant reporting and monitoring requirements as they are stipulated under these regulations.

Following are the details of Arig shares held by members of the Board, including their representatives, and members of the General Management, including their spouses, children or other persons under their control:

	Directors	General Management
Shares held at 1 January 2014	101,157,073	9,166
Add: Shares acquired during the year	200,000	-
Less: Shares transferred during the year	30,000	-
Shares held at 31 December 2014	101,327,073	9,166

Investor relations

Arig makes considerable effort to maintain active investor relations through open, fair and transparent communication. A dedicated shareholder affairs unit supervised by an investor relations officer is responsible for the timely dissemination of all relevant information to its stakeholders. The company's website (www.arig.net) provides detailed information on corporate governance, business and financial information and includes a secure portal for shareholders.

The Annual General Meeting of shareholders is held within three months of the close of the financial year in accordance with legal and regulatory requirements. Notice to the Annual General Meeting is released well in advance to shareholders, regulators and stock exchanges. Copies of the Annual Report and accounts are made available at least one week prior to the meeting ensuring that shareholders have sufficient time to prepare for the discussion of the company's performance with the Board of Directors.

Corporate social responsibility

Arig aspires to be a good corporate citizen. The company operates a corporate social responsibility program, which directs its efforts towards worthy projects and individuals in need in Bahrain.

Capital and shares

Arig's authorized capital is comprised of 500 million ordinary shares with a nominal value of US\$ 1 each. The issued, subscribed and paid-up capital is US\$ 220 million. Shares are held by more than 4,600 shareholders mostly throughout the GCC countries. These are tradable by people of any nationality through the stock exchanges where Arig is listed: the Bahrain Bourse and the Dubai Financial Market. Furthermore, Global Depositary Receipts, each equivalent to 10 ordinary shares, are registered on the London Stock Exchange. Further shareholding information is given on page no. 63 of this Annual Report.

Compliance

The company has a separate compliance unit headed by a Compliance Officer. This unit ensures that Arig meets all regulatory requirements stipulated by the Central Bank of Bahrain, the Bahrain Ministry of Industry and Commerce, and the authorities regulating the Branch Offices in Singapore and Labuan. It also makes sure that the company is in compliance with all rules and regulations of the stock exchanges where Arig is listed. There were no penalties incurred during the year 2014.

Internal control

The Board is holding the ultimate responsibility for the functioning of all internal controls within the company. A network of policies, guidelines, procedures, authorization levels and performance monitoring is operative in all areas of the company's operations, including periodical reviews and updates, where appropriate. All significant authority limits for underwriting, claims and other operational areas are reviewed and approved by the Board. In daily operations, the CEO safeguards the application of all control mechanisms. He further ensures that a positive control environment is maintained through ethical corporate behaviour and personal integrity. He provides leadership and direction to General Management and reviews the way the business is controlled. All transactions with related parties are conducted at arm's length.

On behalf of the Board, the Audit Committee periodically reviews the application of the company's internal control framework and the assessments of these controls from the evaluation reports produced by Arig's internal and external auditors. The Committee then advises the Board of Directors on the status and effectiveness of the company's control environment and necessary action taken by the management to strengthen any identified control weaknesses.

CORPORATE GOVERNANCE REPORT

Enterprise Risk Management (ERM)

Arig applies a corresponding ERM regime that aims at closely monitoring the risks the company could be exposed to and their potential effects on capital as well as financial and operational performance. Regular reviews by all layers of Arig's senior and middle management are carried out to assess the development and trends in the company's exposures and, whenever possible and reasonable, introduce measures to mitigate the potential for negative effects.

The company maintains an ERM framework under the responsibility of a Risk Officer who reports to the GM – Finance & Administration. The status quo is kept in a Risk Register, the positions of which are reviewed and actively managed with the goal to keep the use of capital at risk at efficient performance levels without over-exposing the shareholders' equity interest.

An independent risk management function, as required by the Central Bank of Bahrain, will be established in early 2015 and will be reporting to the Executive Committee of the Board of Directors.

Arig makes use of leading international actuarial firms for independent professional advice who assist in maintaining its Internal Capital Adequacy (ICA) model, which will consider and quantify the capital amount required to support all identified risk exposures that are incurred as part of the company's business operations.

Our key risk categories are underwriting risk, reserve risk, credit risk, market risk and operational risks. Property reinsurance with its exposure to natural and man-made catastrophes represents the largest class in Arig's book; therefore it comes as no surprise that underwriting risk dominates the quantum of our risk exposures. It is followed by reserve risk, which is a reflection of the company's long-standing operating history and former activities in discontinued underwriting lines. Market risk, i.e. the risk of changes in the financial markets, ranks third and followed by operational risks. Credit risk takes the least amount of capital funding.

The company has a number of risk avoidance and mitigation strategies in place to manage its key risk exposures.

- *Reserving risk* is managed through regular internal and external reviews to ensure that reserving is prudent and adequate. Our internal reviews are supported by an annually conducted, detailed estimation and report by professional actuaries.
- *Market risk* exposure is controlled by a basket of investment guidelines and policies that would include maximum allocations to asset classes, trend analyses, and performance monitoring tools, including stop loss disposal orders.
- *Operational risk* represents a basket of individual exposures, most of them relatively moderate in amount, which the company closely monitors and strives to reduce individually. The risk of business interruption caused by political violence received Arig's full attention and is quickly mitigated through the establishment of a warm site at the company's subsidiary's offices in Dubai. With contingency plans in place, this warm site can be upgraded to a hot site within the span of a few days, should a situation ever call for it.
- Finally, *credit risk* is managed by stringent counter-party checks and Arig's preference is to deal with solid and, for the most part, highly rated market entities. At the same time, receivables are monitored through ageing analyses and outstanding balances are actively pursued.

External auditors

External auditors are appointed by the shareholders through the General Assembly. The current auditors, KPMG of Bahrain, being eligible for re-election, were reappointed for the Financial Year 2014 based on the recommendation of the Board.

CORPORATE GOVERNANCE REPORT

Security ratings

Through its most recent rating published on Arig on 19 December 2014, A.M. Best reaffirmed the company's investment grade status with a Financial Strength Rating of 'B++ (Good)' and Issuer Credit Rating of "bbb+"; the outlook for both ratings remain 'positive', reflecting Arig's "improving track record of operating performance during challenging market conditions". In Best's opinion, "the ratings reflect the company's solid risk-adjusted capitalization and diverse regional business profile".

Solvency

Statutory Solvency requirements are determined by Arig's regulator in Bahrain, the Central Bank of Bahrain, and the regulators of its Branches in Singapore and Labuan. In Bahrain, minimum solvency is defined with reference to a prescribed premium and claims basis. The solvency position of the company including its Branches as at 31 December 2014 is given below:

(in US\$ '000)

	2014	2013
Capital available	187,782	171,742
Required margin of solvency	44,963	40,976
Total excess capital available over the required margin of solvency	142,819	130,766
