**A**rig delivered net profits of US\$ 9.2 million for the year 2016 (2015: net loss of US\$ 4.4 million). The Company's reinsurance book and investment income both contributed to the rebound. The underwriting result for the Group recorded a profit of US\$ 8.3 million (2015: profit of US\$ 0.8 million), while the Group's combined ratio improved to 96.8% compared

with 106.6% in 2015. Investments yielded US\$ 19.3 million (2015: US\$ 14.3 million).

The Group's Gross written premiums increased to US\$ 245.4 million over the year (2015: US\$ 220.4 million) mainly, driven by the Company's continued diversification strategy.

Yassir Albaharna, CEO of Arig, commented: "Arig significantly improved its annual result on the back of solid returns from its reinsurance activities and investments, despite the challenging market conditions. I am also pleased to say that our recent upgrade of the Group's Financial Strength Rating to 'A- (Excellent)' by A.M. Best reflects Arig's ability to take strategic decisions and to generate stronger prospective earnings."
